MAP

1. Navigate yourself to the stoplight at Willamette and 29th, and head **south on Willamette** (away from downtown and toward the gas station on the corner).

2. At the 32nd Avenue stoplight, there's a split; **stay left**. You are now **on Donald Street**.

3. Continue south on Donald for about 5 blocks, up the hill, and turn **left onto Pearl Street**.

4. Drive a bit **past** the Tamarack Center, to get to the parking lot entrance. You can drop passengers in the traffic loop.

5. After parking, go to the Pool entrance, then continue **down the covered walkway** to the downstairs office entrance. You have arrived!

[Alternatively, you can park in front of the building on Pearl Street, enter by the front door, turn left and go down the stairs, to the office waiting area.]

Notes:

TWC = Tamarack Wellness Center (also called "South Hills Center")

From Parking, walk under covered walkway, between Pool and TWC, to reach office.

From I-5, 30th Ave takes a short jog on Amazon Parkway (between dots), to become 29th Ave.

Willamette is actually a Street, not an Avenue. My mistake!
